## ST. VITUS' DANCE

The Cure of This Case Is of  
Vital Interest to the Parents  
of Every Nervous Child.

Mr. James F. Thompson, a well-known printer, of No. 301 West Iowa street, Memphis, Tenn., has recently told of a cure in his family that will interest every nervous sufferer. Parents of pale, weak, nervous school children will be especially interested. Mr. Thompson said:

"I have a son, Ray, who at the age of five years was seized by some boys. In about two weeks' time he broke down or gave away completely. He had to go to bed and the doctors said that he had St. Vitus' dance. During the entire night and for many nights he would lie awake and cry. He could not sleep at all, but would roll and toss all night long. His arms and head jerked and twitched and he became so nervous that he could not feed himself. He got so that he couldn't even speak. He had particularly bad spells, which came on about every three months. He was confined to bed for two months when he was first taken sick."

"I had a nerve specialist and two of the best physicians in Memphis with him during the first year of the disease. They couldn't do anything for him and didn't help him a bit. Finally the last physician said that he would have to cut out his brain. I then bought a box of Dr. Williams' Pink Pills. They helped him right away and, although he had been sick for a year and a half, he began to eat and to gain strength. I gave him the pills until he entirely recovered his health. He has never had an attack of St. Vitus' dance since. He is attending school and is in perfect health."

St. Vitus' dance, nervous debility or neurasthenia, neuralgia, sciatica, nervous headaches and nervous dyspepsia are due to tired, weak, exhausted nerves. The correct treatment in each case is to build up and purify the blood, which alone can give the nerves nourishment. Unless you build up the blood, it is useless to try to reach the nerves with medicine or nourishment. Dr. Williams' Pink Pills for Pale People contain the very elements which enable the blood to nourish the nerves until they become strong.

Write today for the free booklet, "Diseases of the Nervous System." Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## Social News From Washington

[Special Star-Bulletin Correspondence]

WASHINGTON, D. C., Nov. 16.—Social Washington is busy "getting its house in order," and an atmosphere of bustle and industry prevails throughout the fashionable residence circles. Repellent boards and bars are being taken down from windows and doors and inviting curtains and smiling footmen are rapidly taking their place.

Society is coming home for the winter, but so far, though there are new arrivals every day, household duties have had first claim, and there has been no time for entertaining. Mrs. Nagel, wife of the Secretary of Commerce and Labor, and the first Cabinet hostess to arrive after her summer's outing, was joined during the week by Mrs. Wickersham, who spent a few days in New York with the Attorney General, attending the naval review, after closing her summer home at Cedarhurst, L. I.

The Secretary of State and Mrs. Knox have arrived from Japan via Seattle. Mrs. Knox availed herself of the opportunity to accompany her husband, who was designated as a special representative of the government at the funeral of the Mikado.

Mrs. Meyer, wife of the Secretary of the Navy, was in New York for the naval review, accompanied by her two charming daughters, but changed her plans at the last minute, and, instead of accompanying the Secretary to the Capital, went back to their summer home at Hamilton, Mass., until after the election.

Each day marks the return of one or two of the diplomats. An unusual number of changes have taken place in the personnel of the corps during the summer, and many familiar faces will be missed at the New Year reception in the White House this winter.

The French ambassador, M. Jusserand, who returned from Europe just recently, will succeed Baron Henning von Helldorf, the Austro-Hungarian envoy, as dean of the corps. As yet there has been no successor named to succeed the baron, who retired from the service to make his future home in his own country. One or two changes have been made in the staff which he left behind him. Lieut. Commander Maximilian Burszyn becoming naval attaché in place of the popular Baron Preussner, who has been ordered to sea duty.

At the British embassy the staff this year includes two new members, the new naval attaché, Capt. Heathcote S. Grant, who came early in the summer just before Captain Sowerby's departure, and Lieut. Col. Moreton F. Gage, who fills the post left vacant by Lieut. Col. McLachlan several months ago. Both are accompanied by their wives and will undoubtedly take an active part in the festivities of the younger married set, having taken houses which are eminently fitted for entertaining.

Mrs. Henderson's interesting colony of fashionable residents in upper Sixteenth street, just north of her own residence, Boundary Castle, will be augmented this year by the Spanish Minister and Mme. Riano, who returned from Europe early in order to get established in their new home.

The Secretary of the Treasury and Mrs. MacVeagh and the French Ambassador and Mme. Jusserand, who have been established there for some time, and Mrs. Marshall Field, who has just taken a six-year lease on one of the houses, will be their almost immediate neighbors.

The minister of Denmark and Countess Moltke, who departed for the former's new post at Berlin during the summer, will be greatly missed from the vicinity. They established the legation there immediately on their arrival three years ago, and the countess, who was an enthusiastic horsewoman and pedestrian, was a familiar figure in the neighborhood. Rock Creek Park is just back of the hill, and there she took her walk or ride every morning, rain or shine, often alone, sometimes accompanied by the minister or their little daughter, and sometimes by both.

Engagements are still in the air and dates for the weddings of those already announced are coming out daily. Announcement was made of the betrothal of Miss Jean Oliver, daughter of Senator Oliver of Pennsylvania, and Lieut. Com. Edward McCauley, Jr., U. S. N., and confirmation was obtained of the rumor about Miss Laura Merriam and James F. Curtis, Assistant Secretary of the Treasury. Both will probably take place in the early winter.

November 27 is the date set for the nuptials of Miss Harriet Bayne, daughter of Mrs. John W. Bayne, and the late Dr. Bayne, of the old resident set, and Lieut. Guy Wilkinson Stuart Castle, U. S. N. It is to be a church ceremony at St. Thomas' at 4 in the afternoon and will be followed by a reception at the house.

The officers of Narragansett bay naval station, headed by Capt. Will-

POISONOUS  
TABLETS  
ARE  
DANGEROUS

In every household you will find among the toilet necessities some sort of a germicide, in the form of either a tablet, solution or powder. Many of these antiseptic preparations contain poisons.

The value of an absolutely harmless antiseptic powder, as compared with a poisonous tablet or solution, is apparent to every one, and that is one reason why physicians everywhere have strongly recommended Tyree's Antiseptic Powder. Dissolves instantly in water, and when used as a douché is unexcelled. A 25-cent package makes two gallons of standard solution. Sold by druggists everywhere. Send for booklet and free sample.  
J. S. Tyree, Chemist, Washington, D. C.

Ian B. Caperton, commandant of the station, which includes the Naval War College, training and torpedo stations, gave a dance in the room of the naval general board at the Naval War College in honor of Capt. Frey and the officers of the German cruiser, Victoria Louise.

The guests were received by Mrs. Caperton, wearing a French gown of purple chiffon embroidered with rhinestones and silver, with touches of cerise over white satin in draped effect. Mrs. George W. Williams of the torpedo station, who assisted in receiving, wore a costume of princess effect of white satin, with pearl trimmings. Miss Marguerite Caperton wore a gown of pale pink chiffon, embroidered in crystal and trimmed with pink rosebuds and touches of geranium pink over white satin.

Dancing ceased at midnight for supper, and later was resumed.

Mme. Correa, wife of the former minister of Nicaragua, has returned to her home in New York, after a brief visit to her mother, Mrs. David Stewart Gordon, wife of Brigadier General Gordon, U. S. A., retired.

Mrs. Harry F. Hodges and Miss Hodges, wife and daughter of Colonel Hodges, U. S. A., who arrived in Washington recently and have been guests at the Hotel Grafton, are now spending a few days with Major S. H. Slocum, U. S. A., and Mrs. Slocum, while their house in Massachusetts avenue is being put in readiness for their occupancy.

The marriage of Miss Hodges, who was a debutante of last season, to Lieut. Albert H. Archer, U. S. A., will take place early in January.

Colonel Hodges expects to arrive in Washington shortly to spend his leave of absence with his family.

Invitations have been received in Washington for the marriage of Miss Rebecca Evans, daughter of Mr. and Mrs. William James Evans, of Baltimore, to Lieut. Robert Emmet Patterson, U. S. A., at 6:30 o'clock on Friday, November 29, in the Church of St. Michael and All Angels.

Mrs. Hollyday, wife of Rear Admiral Richard C. Hollyday, U. S. N., who has been spending some time in Ohio, visiting relatives, has returned to Washington and joined Admiral Hollyday at the Dresden.

Mrs. Renato Tittoni and Miss Tittoni, wife and sister of Lieut. Robert Tittoni, U. S. M. C., have returned to Washington and are occupying flat No. 3 at the Navy Yard.

Mrs. W. W. Waterspoon, wife of Brigadier General Waterspoon, U. S. A., who has been spending some time in New York, will return to Washington this week.

Maj. Gen. Joseph P. Sanger, U. S. A., retired, and Mrs. Sanger will spend the winter abroad.

## Over-Night FEDERAL Wireless To the Advertiser

Though no real assault has been made by the invaders on Turkish defenses at Adrianople, one whole battalion of Bulgarians has been destroyed by a land mine, exploded by the Turks, according to a letter received today from the front.

The forts about Adrianople have been shelled and some of them captured by the allied Serbians and Bulgarians, who suffered heavy losses. The Bulgarian and Turkish plenipotentiaries reassembled today at the village of Gaghtche, outside the Tchatalja lines, to discuss further the terms of the proposed armistice.

Many lives were lost today during a severe typhoon, which caused damages to property throughout the Philippines estimated at millions of pesos. The storm crossed the islands of Samar, Leyte and the north end of Panay, leaving ruin and destruction in its path.

The town of Tacloban, the capital of Leyte, was practically destroyed. Two steamers were wrecked in the harbor.

Another typhoon, unusual in severity, is predicted by the weather bureau along the west coast of Mindanao.

Details of a serious outbreak of bubonic plague at Noumea have reached Sydney, Australia, on a ship from the French island. The vessel has been placed in quarantine by the health department.

Twenty natives and two Europeans have already succumbed to the ravages of the plague.

A bill providing for sending at least forty warships of the American navy through the Panama Canal to steam up the coast together and rifle through the Golden Gate past the exposition grounds, is to be introduced in Congress by Senator Albert Cummings, according to a letter which the exposition commission has received from Iowa.

That there will eventually be established a Pacific fleet as a unit of the Imperial navy and comprising divisions from Canada, Australia and New Zealand, was the declaration made by Admiral Kinghall, commander of the Australian navy, at a banquet at Auckland last night.

Preliminary committee work upon the appropriations bill, the Judge Archibald impeachment proceedings and prospective short session legislation, continued at the Capital today, notwithstanding the holiday recess throughout Washington.

Former United States Senator John

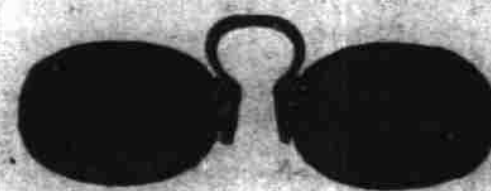

## CHILDREN IN SCHOOL

are less liable to contract the prevalent child-ailments if their vital forces and physical strength are not reduced by the strain of study and growth.

Help nature during school days with Scott's Emulsion, which invigorates the whole system—imparts nourishment to every organ, every tissue, every muscle, and enriches the blood.

There is no alcohol or habit-forming drug in Scott's Emulsion—just purity and strength.

P. Jones died at Los Angeles today after a long illness. He was eighty-three years of age. Senator Jones was one of the locators of the famous Comstock Lode in Nevada.

## CALIFORNIANS IN THE WAR ZONE

San Francisco Chronicle, Nov. 5: Professor Henry Dewing, graduate of the University of California with the class of 1904, former member of the faculty of the Berkeley high school in the department of classics, and who is dean of Roberts College in Constantinople, with Mrs. Dewing and their infant son, are among Americans in the heart of the war zone in Turkey. Anxiety is felt for their safety by relatives and friends in Berkeley and the bay region, as there has been no word from them for three weeks.

Prof. Dewing is the son of Mr. and Mrs. Stephen Dewing of Walnut Creek, Contra Costa county. His father is a retired member of the firm of J. Dewing & Co., former piano dealers of San Francisco. A sister, Mrs. Malcolm Whyte, resides in the Claremont district, Berkeley.

It was three weeks ago that the last word was received from Professor Dewing. At the time his letter was written he stated all was quiet in Constantinople. His sister expressed the belief that he would not write of disturbances, fearing it might alarm his mother.

Professor Dewing is 30 years old. Following three years as member of the faculty of the Berkeley high school, he took advanced work in Latin and Greek in Yale university, where he was awarded his doctor's degree in 1907. Prior to leaving for Constantinople he was for eighteen months attached to the faculty of Princeton university.

He was one of the prominent students of his class at the university of California and was a member of the Phi Beta Kappa honor society. He was a member of the Abacab Club, and was one of the champion runners in the campus relay races in 1903.

A Stanford professor claims to have discovered a positive cure for baldness.
